

Futurama-O-Rama (Simpsons Futurama)

Get ready every Futurama and Matt Groening fan, here comes Futuramaorama, the very FIRST comic compilation based on the Emmynominated television show Futurama. Its a long way from making a pizza delivery on New Years Eve to the bustling cityscape of New York in the 31st century, but for Phillip J. Fry it only took one little cryogenically frozen nap. Waking up in a future imagined by The Simpsons creator Matt Groening, Fry finds a job at an interplanetary messenger service and falls in with Leela, a sexy oneeyed space orphan, and Bender, an alcoholic misanthropic robot programmed to bend things. Blast off with this allnew Futurama comics collection, and leap feet first into a fulfilled future!
