

## A Stroll in the Vatican Gardens

In the urban desert, imprisoned by rivers of asphalt and cement, and deafened by the roar of traffic, the Vatican Gardens appear as an oasis of peace and tranquillity. A Stroll Through the Vatican Gardens is a delightful guidebook written by one of the most renowned scholars of Vatican history -- Dr. Eva Maria Jung Inglessis. Stroll through the pages filled with pictures, anecdotes and facts, as you are guided through one of the worlds most prestigious and oldest gardens, representing 2,000 years of civilization. The gardens were cultivated on the tiny piece of land that serves as home to the Catholic Church and the origin of Christianity.
