

## Antrobus Complete

The British Foreign Office is a timeless institution. Antrobus is the embodiment of everything that makes it what it is. His tales of diplomatic misadventure, accompanied by memorable and witty drawings, make a collection to cherish, for as long as the Foreign Office holds sway over far-flung British interests. Whatever wars there may be and whatever crises, there will still, please heaven, be the diplomatic corps, with its protocol and formalities and a field of humour which I have never seen better used than in these stories.
