

## At The Head Of The Holler: Linefork, Kentucky, February 1996 to November 1999

In January 1996 my husband of fifteen years left us for another woman. The details of that aren't part of this book. A month after he left, the kids and I moved to a part of the country that was culturally unlike any place I'd ever lived; deep in the Appalachian Mountains of southeast Kentucky. This is the story of our life there over those first years on our own. I put on a brave front for my kids and didn't let them know how hard it was sometimes, and how scary it was other times. I wanted them to grow up happy, and not know how poverty-stricken we were, or to feel deprived. I told them hard times were adventures and would give us stories to tell later. These are those stories. The first part of this book is a brief account of the years before I kept a journal. The remainder of the book is a detailed journal of our last 16 months at Linefork, at the head of the holler. It was an interesting life, and I hope you'll enjoy reliving it with me as you read it.
