

## The Hundred Days: Aubrey/Maturin series, book 19 (Aubrey & Maturin series)

Patrick O'Brian's Aubrey-Maturin tales are widely acknowledged to be the greatest series of historical novels ever written. Now, for the first time, they are available in electronic book format, so a whole new generation of readers can be swept away on the adventure of a lifetime. This is the nineteenth book in the series. Following the extraordinary success of *The Yellow Admiral*, this latest Aubrey-Maturin novel brings alive the sights and sounds of North Africa as well as the great naval battles in the days immediately following Napoleon's escape from Elba. Aubrey and Maturin are in the thick of the plots and counterplots to prevent his regaining power. Coloured by conspiracies in the Adriatic, in the Berber and Arab lands of the southern shores of the Mediterranean, by night actions, fierce pursuits, slave-trading and lion hunts, *The Hundred Days* is a masterpiece. O'Brian is far and away the best of the Napoleonic storytellers and *The Hundred Days* is one of the best of the series: a classic naval adventure, crammed with incident, superbly plotted and utterly gripping. This is O'Brian at his brilliant, entertaining best and when he is on this form the rest of us who write of the Napoleonic conflict might as well give up and try a new career. Fans of the series will need no encouragement to buy this book, but if you are new to Aubrey and Maturin then this is as splendid an introduction as you could wish for. Bernard Cornwell
