Bang Iceland is a travel guide that teaches you how to sleep with Icelandic women while in Iceland without having to go to strip clubs or pay for escorts. Here's what you'll find inside... Advice on the time of year to visit. Description of the village-like feel of Iceland and what this means to you when it comes to banging the women. Why you should only visit Reykjavik and not bother with other cities (if all you want to do is get laid). The type of lodgings and materials you'll need to maximize your chance of getting one-night stands. How to do Iceland on the cheap (I share how I kept my expenses down to \$60 a day while having my own apartment). The low-down on the drinking culture: most common liquors, typical prices, and Icelandic drinking customs. Most of the book is dedicated to the women. You'll read... How the American one-night stand culture is completely different from Iceland's. How to run last call game, a method that leads to the most amount of fast sex.
