

## The Avatar and the God: The Tormented and the Prisoner

In a time, long since forgotten, and in a world that is forever changing, reality has not yet been deemed myth and legends are still in the making. Mortals all play part in the unwritten destiny that will change the face of this planet forever, a planet governed by higher powers and watched over by the Guardians. This is one of their stories. Drafted by a deranged king and guided by a mysterious entity, a handful of mortals will attempt to save the planet, conquer their demons and write history. The dark wanderers have made their stand at Mountain Shadow and are now looking to destroy the source of the darkness in the ruins of Bohm. In order to find the artifacts, they must venture into underground ruins and a dwarven city. Charon has made it his priority to seek vengeance and a malefic band of dark assassins have been dispatched to kill high priests of the Holylight. The old man has called a meeting to discuss these events with others of his kind. Who is this old man and what role do the gods play in this story? Welcome to the second of many books from the Immortal Saga. Welcome to book two of The Avatar and the God: The Tormented and the Prisoner.
