

Phoenix Rising

Nyles life with her grandmother on their Vermont sheep farm advances rhythmically through the seasons until the night of the accident at the Cookshire nuclear power plant. Without warning, Nyles modest world fills with protective masks, evacuations, contaminated food, disruptions, and mistrust. Things become even more complicated when Ezra Trent and his mother, refugees from the heart of the accident, take temporary shelter in the back bedroom of Nyles house. The back bedroom is the dying room: It took her mother when Nyle was six; it stole away her grandfather just two years ago. Now, Ezra is back there and Nyle doesnt want to open her heart to him. Too many times shes let people in, only to have them desert her. If she lets herself care for Ezra, she knows hell end up leaving her, too.
