

Blue Ridge Parkway - Celebration: Silver Anniversary Edition for the Friends of the Blue Ridge Parkway

Breathtaking photographs and original essays illuminate this tribute to the natural wonders of the Blue Ridge Parkway. The 469 miles of the Parkway run through some of the most magnificent landscapes in the United States, connecting the Shenandoah National Park to the Great Smoky Mountains National Park and these photographs capture the unique beauty of the region. Accompanying the images are heartfelt writings of regional poets and essayists who celebrate their abiding love for the Blue Ridge Mountains.
