Childrens book: How You Were Made: Beautiful illustrated picture book for kids, Value book for children, Early readers, Bedtime story for kids. (You are Not Alone 1)

At some point every child asks, How was I made? The answer is simple; With a whole lot of love! Of course, making a child is not like painting a painting, adopting a puppy or singing a song. Although the process can be as creative and exciting, theres just a little bit more to making a child than that! This story for children aged five to nine-years-old makes for wonderful reading, helping young children to understand just how important their existence is to their parents. Told with humor and emotion, written in easy-to-understand terms along with bright and colorful illustrations, this little tale is a great way for any parent to share with their children the meaningfulness behind their being. After all, some kids forget over time, and a reminder like this one can only ever do a world of good!
