

## Mystery Men Comics #18 (Illustrated) (Golden Age Preservation Project)

This publication is part of the Golden Age Preservation Project. Please visit the Projects home for a complete list of classic Golden Age comics preserved through this project at: <http://ronglick.com> Mystery Men Comics was published by Fox Feature Syndicate from August of 1939 to February of 1942. It is most well-known for introducing the character of Dan Garret, the original Golden Age Blue Beetle. This issue includes the exploits of Blue Beetle, Rex Dexter of Mars - Interplanetary Adventurer, Green Mask and Domino the Miracle Boy, Drake of the U.S. Naval Intelligence, Chen Chang, D-13 - Secret Agent, Hemlock Shomes and Dr. Potsom, Zanzibar the Magician, and Lynx and Blackie the Mystery Boy. By using modern Kindle conversion technology, the editor seeks to make these original masterpieces available to a much broader audience. Publication is from collected scans of public domain material. The editor has not scanned any of these books - he simply collected scans made by others and converted them to Kindle format. In each instance, he has used the best scan he can find, but occasionally the scans are less than perfect. The price of each comic is set as the minimum per sale value allowable by Amazon for these publications.
