Merri Christi Pemberton shares powerful lessons and strategies from 25+ years of turning her childhood vision into a power-packed dream career and living as an unapologetic slayer of life-crushing obstacles. Its one thing to say Im going to live my dreams and have a great career or business, but its a whole different ballgame to know how to outmaneuver our current chaotic world; a world that easily destroys even the hope of success and security for millions of people. Merri Christi transformed from a small town girl and dreamer to a filmmaker-explorer and producer. She is preparing for her first feature film, explored the rainforest of El Yunque to scout for film locations, became an digital magazine editor who covered the 2013 Presidential Inauguration Ceremony and interviewed notable figures in politics, business, and entertainment; is featured on the MTV platform as a recording artist and producer, and experienced many other career and life adventures. All of her adventures are happening as the world is going through a massive global shift and age of uncertainty, which has left many people nervous and unsure of what will happen next. Like everyone, Merri Christi experiences many obstacles and setbacks. All of these events, however, dont scare or intimidate her. The lessons and strategies Merri Christi shares in this book for living this rich life are called invincible treasures.

Invincible treasures are more valuable than any material wealth and more powerful than anything this world can do. They can also supply you with the tools to conquer obstacles in your personal and professional life. They formed a very potent type of knowledge capital, which inspired and fed Merri Christis strategies and insider knowledge to open a new world of unlimited victories and unforgettable opportunities. In this book, you will learn the following and much more: 1. How to become a source of power greater than any

world economy. 2. How you can create your own new world where you become unstoppable. 3. Lessons and strategies for outmaneuvering and crushing the Goliaths (obstacles that attack you with fear and threaten your confidence for success). 4. The Stranger and the Lion Method: Getting comfortable being strange while becoming as powerful and majestic as a LION. 5. Talent Show Lesson: Transform any negative pressure directed at you into fuel for burning down any barriers. 6. Why money (or any material wealth) isn't true wealth or real power. 7. Stories of how these lessons and strategies empowered Merri Christis success despite setbacks and obstacles. 8.
