

Captain America & The Falcon by Christopher Priest: The Complete Collection

Theyre best friends, teammates, brothers-in-arms - but that bond is tested to the limit when Falcon targets the Rivas drug cartel, and the Super-Sailor known as the Anti-Cap sets his sights on Falc! Can Captain America thwart his dark doppelganger before Sam Wilsons wings are clipped? Fingers crossed, because theres a Mental Organism Designed Only for Killing out there, and nobodys better at stopping him than Cap and Falc! But M.O.D.O.K.s not the only big headache, with the Avengers about to be Disassembled and all. Is this really the best time for Steve to be kissing the Scarlet Witch?
