

## Carnifex (A Desert Called Peace)

Revenge: it wont bring your wife and kids back, but it might help with the nightmares. Patricio Carrera has been waging what amounts to a private world war to bring to justice the murderers of his family. Hes raised an army and air force and used them. Hes raised a fleet and hes about to use that. Hes suborned one republic and is about to undermine another. Hes tracked his enemies across half a world, breaking, in the process, any notion of international law that stood in his way. Now hes deployed his legions to Pashtia, penultimate hideout of the Salafi Ikhwan who have made him what he has become. But with each step further from his home, revenge seems no closer. And with each step he leaves behind him a little of his dwindling humanity. Revenge is a dish best served cold. Yet the trail itself grows cold, as cold as the snow-capped, windswept mountains of Pashtia. Only Carreras hate still burns hot, and thats a fire that is slowly consuming him.
