

# Chalkie Aftertaste and the Knights of Indigestion: or A Negative Space Biography of a Year in the Life of Ricky Haws

Caught in 1990s twenty-something angst, Ricky Haws and his friends try to break out of the humdrum by starting their very own jazz band. There's Ricky, the quiet one; Jack, the artistic one; Brandon, the tough one; Mary, the good one; and Kevin, the sly one, along with a supporting cast of welcome and not-so-welcome fellows. Quickly rocketing to the top of the local music scene, the band battles bad reviews, even worse local club owners and their own past in this recent-nostalgia tale of friendship and dreams.
