

## Single Parenting: Eliminating Guilt And Excuses And Being A Great Father (single parenting, single dad, parenting styles, teenager parenting, parents guide, counseling techniques, fatherhood)

What are your life aspirations? What kind of parent do you want to be? How could improving your relationship with your child help you both have a successful life? Did you know that Neuro-linguistic Programming(NLP) is not only for communicating, but learning faster and easier at a deep level? Where is the best place to start? ---Special Bonus At The End Of The Book--- I get it you dont want to have to read book after book to familiarize yourself with how to bring these parenting strategies to bear on your busy life. Thats understandable. The truth is that determining which things to work on yourself can be confusing and time consuming, but it doesnt have to be. Single parenting is not easy for anyone. That doesnt mean that you have to make it more difficult than it really is. With certain learning techniques you can have the most exciting relationship. Learn the the tools and different systems you can put to use in almost every area of your parental life. We can take anything we want in life to the next level by reading and understanding more about it. This guide is structured in an easy to read and understand format that consists of the strategies that will help. There are no magic cures to resolving conflicts, but there are time-tested principles that work. So how should you spend your valuable time to get the most out of providing guidance to your kid? 1) Read snippets on the internet? 2) Asking friends and family for recommendations? 3) Go to the library and get lost in a maze of information? None of these options will get you to where you need to be, although they are common things most people do. The most powerful option is learning the exact parenting paradigms to choose from and determine why it may fit into your lifestyle. In this hands on, step by step book, the author explains how you can increase your level of awareness around handling your personal guilt or fears and

how they affect much more than just your daily well being. In this guide you will be provided: Step by step instructions on how to link the why of what you are doing with the results that you desire. Action Checklists that will provide you with the instructions and practical advice on how to set a parenting improvement plan. A 30 Day Plan to kick start you to the path of improving everyday and being more aware of how you can structure your renewed life.

Dont let the fear of always failing to improve in areas in your life prevent you from creating the success you deserve! Click the buy now button above to check out what is possible. There is no doubt that if you trying to achieve better results this guide is a sure fire way to get there!
