

Star Loot

In luck and out of luck, John Grimes was a living legend of the spaceways. He had been an officer of the service, he had been the victim of a mutiny, he had discovered lost worlds, he had served under strange masters and on strange ships, but he had never turned space pirate. Until this adventure. How it happened was a complex story to begin with, but typical Grimes luck. How he became the terror of the star lanes developed, as usual, from his own efforts to make an honest living and others efforts to use him for devious diversions. This is a story of the loot of the stars, of how Grimes graduated from operator of a space courier ship to master of a fleet of dreaded carriers of the skull and crossbones!
