

## Crossed Volume 7

Christos Gage's debut in the Crossed mythos is one you won't soon forget. This volume of Crossed takes readers into the mind of a traitor to the human race. An anthropologist who sides with an alpha-Crossed to spare his life and betray the struggling survivors around him. Watching his own usefulness dwindle in the eyes of the violence-hungry Crossed, he must ultimately make a decision if death will come to him on their terms or his. And fan-favorite, horror master David Lapham returns to the series that he helped establish with a story that pushes the boundaries of sanity to the very brink. The horrific violence of the Crossed spills across the page, leaving images that will haunt your nightmares for years to come. There is no help. There is no hope. There is only the Crossed. Go where other horror survival stories fear to tread and enter the grueling world of the Crossed! Trade collects issues #29 - 36 of the ongoing Crossed: Badlands series.
