

Cry Havoc Volume 1: Mything in Action

An electrifying account of black ops, black dogs and weaponised folklore that is unlike anything you've ever seen. Best in show. Alan Moore A joy to read. The Guardian Meet Lou: a street musician savaged by a supernatural terror. Meet Lou: crossing war-torn Afghanistan with a unit of shapeshifting soldiers. Meet Lou: a monstress held captive by the rogue beast she was sent to kill. CRY HAVOC interweaves three stages of a remarkable life into a critically-exalted saga of military, myth and mania. SIMON SPURRIER (X-Men Legacy, Marvel Zombies, Doctor Who) and RYAN KELLY (Local, Northlanders, Saucer Country) collaborate with multiple superstar colorists FILARDI, LOUGHRIDGE & WILSON to push the envelope of comicbook storytelling in an unprecedented, monstrous direction. This is not the tale of a lesbian werewolf going to war. Except it kind of is. Sharp, compulsive, human, edgy. Wow. Were sold. - The Quietus Flawless. - The Nerdist Structurally ambitious, the intelligence and artistry of this creative team brings depth and sophistication to an attention-grabbing hook. - A.V.
