

Dark Corner

From Brandon Massey, award-winning author of *Thunderland*, comes a terrifying new novel about a town besieged by evil. . . and the one man who is determined to fight the darkness. . . . When renowned author Richard Hunter dies in a boating accident, his son David travels to Masons Corner, Mississippi, to find out more about the father he never really knew. At first, Masons Corner seems friendly and unassuming--the perfect small town. But after a newcomer moves into the old--and supposedly haunted--mansion on the hill, everything changes. . . . People begin to disappear. Dogs viciously attack. And soon David discovers that the terror consuming this place has its roots in his own family tree. . . . For something wicked has risen in Masons Corner. Something with bloody ties to the towns past. Something undead--and hungering for vengeance. . .
