

## The Dark River: The Fourth Realm, Book 2

The Dark River opens in New York City with a stunning piece of news. Gabriels father, who has been missing for nearly 20 years, may still be alive and trapped somewhere in Europe. Gabriel and his Harlequin protector, Maya, immediately mobilize to escape New York and find the long-lost Traveler. Simultaneously, Michael orders the Brethren, the ruthless group that has been hunting Gabriel, into a full-scale search. Gabriel yearns to find his father to protect him; Michael aims to destroy the man whose existence threatens his newfound power. The race moves from the underground tunnels of New York and London to ruins hidden beneath Rome and Berlin, to a remote region of Africa that is rumored to harbor one of history's greatest treasures. And as the story moves toward its chilling conclusion, Maya must decide if she will trade everything to rescue Gabriel.
