

## Dark Vengeance: A Novel of Niflheim

Series: A Novel of Nifheim (Book 2) Orivon Firefist was captured as a six-year-old child by the Nilfghar--the dark elves--who attacked his village by night on one of their surface raids. Fifteen years later, he was a moon-pale, scarred, muscular giant of a man, who spent his days at forgework for a dark elf family. He had been trained (and flogged and ordered about) by the beautiful Tsarnarra, a lash-wielding matron who is icily cruel, but proud of the slaves that she has trained. Through all of this, Orivon's spirit had never been broken and he rose up and opposed his underworld tyrants. He has successfully returned to the surface world home that he thought only existed in his most distant dreams. But the score is far from settled. Years of oppression and new revelations of the dark deeds of his former captors only fuel his forge of rage. And the fact that their evil still permeates the underworld only intensifies his desire for a dark vengeance.
