

Disconnected: Why Our Kids are Turning Their Backs on Everything We Thought We Knew

In the spirit of No Logo and Fast Food Nation, Disconnected is the authors journey into modern youth culture, meeting and speaking to hundreds of kids on the way. Shocking and revealing, it gives adults an insight into understanding a generation gap that has never been so wide. Confronting crime, underage sex, fame obsession, violence, ambition, learning and friendship, Nick Barhams compelling investigation finds that this disconnection from what adults understand to be substantial or real is creating a radical new youth culture.
