

# Disengaged

Two years after a messy breakup and move to Los Angeles, entertainment accountant Allie Zenet has finally found happiness with her handsome fiance, Brad, an ambitious studio exec. Brad offers stability, companionship, great sex - and a domineering mother hell-bent on planning the couples wedding. While her friends are busy with their own chaotic love lives, Allie works through her pre-wedding jitters with good-looking acquaintance Jax Montgomery. And soon warm feelings give way to cold feet as Allie questions whether having that gorgeous, sparkling diamond on her finger is worth spending her future with Brad - and his mother. Disengaged is all about getting to I do by saying I wont.
