

The Legacy: To Dishonor Thy Name

Four sons have found themselves pushed together by their paranoid and overprotective mothers but there is more underneath the surface. After a dramatic and impromptu family reunion of sorts, Brandon Jefferson, Jr. (My First Love Series/ Deuces and Tres) looks to pick up his life and carry on as if nothing happened, but there is more than just focusing on studies that he needs to worry about. With sleepless nights thanks to nightmares, or more like memories, there is no doubt in his mind that suicide is the best option since he cant function as everyone else does. Even after going home for the first time in three years to find the shock of his life when dealing with his old flame Faith, darkness clouds his mind and wants him to end it all. Camren Commodore (The Beast of the Cartel Series/ The Son of Zeus) finds himself standing in the middle of a war over territory and still has to deal with a fiancée who is more than power-hungry and who loves to step on his toes without even thinking of it. Nina steps from behind the curtains of his thoughts and offers him an alternative. The fruit doesnt fall too far from the tree when his familys business is once again on the line and hes forced to pull his powerful hand and prove that he is more ruthless than his father Zeus. Christopher Ascot, Jr. (Back on the Block 2/ Deuces and Tres) wonders if his father will accept him after he betrayed his best friend and basically spat on the meaning of loyalty and brotherhood. His whoring ways get the better of him until hes forced to submit to a least likely candidate. The only issue brought forth is how everyone else would view him afterward. Especially his best friend. Chris trips over his own feet constantly in order to patch up the friendship he had with BJ (Brandon Jr.) but hes at his wits end when BJ decides to turn things around on him. Nicky Jones (Dont Phuck With The Joneses/ The Son of Zeus) headlines this

installment when finding out that being a Head Hunter has its downs when you leave the organization. After what had happened to Treva he finds it hard to piece his life back together. Soon, his eyes are set on Princess (My First Love Series/ Deuces and Tres) but he has no idea how to express how he really feels for her and balance work and studies all at the same time. Fire is coming for these boys thanks to what their parents have set forth and neither of them are prepared to see whos playing puppet master with their lives. For one of them, the drama becomes too much and the thought of upholding their familys legacy is not even a thought to bear. Tre (My First Love Series/ Deuces and Tres) is resurrected and is headed to finish what he started. Thank the heavens that hes only an amateur Head Hunter, but is Nicky Jones and Camren Commodore enough to hold off a man who is full of vengeance?
