

The Diaper Brigade

John Smith seems like your typical High Schools student. He is a good student and is good at sports, and he is very well liked. Having no family he makes his living by working at his best friends restaurant in a quiet seaside. The one day Danny comes in and drops a new mangle called The Diaper Brigade right in front of John. The story of a young boy named Carl Diem who over the course of several years tries to keep a group of boys and girls alive in a worn torn third world nation. Dan does not realize the boy on the cover looks like a younger version of John because John is really Carl trying to escape the thousands of nightmares he is trying to escape from. So with malls full of cosplayers and pictures of dead friends as Johns past keeps crashing down on him will he be able to keep his sanity and have some kind on normal life. What ever a normal life is. Probably not; but Im not telling.
