

## Evening Out

David Walton's collection of eight stories, five of which are set in Pittsburgh, offers darkly humorous meditations on modern life. In *Skin and Bone* an unexpected, strange, and ultimately tragic encounter between a karate student and his instructor raises questions about guilt and responsibility. *The Sundeck* touches on sex, loneliness, and the difficulty for people to meaningfully connect. In the title story, a dinner party attended by a struggling academic begins with the toast *No more angst or ennui* only to end in hostility and disaster. *Evening Out* was the first book to win the Flannery O'Connor Award for Short Fiction.
