

A Fathers New Beginning

A Fathers New Beginning was written to provide support, guidance and inspiration for single fathers, single parents and fathers in general. Through this book and his website Single Dads with Heart, Larry is committed to making a difference in the world, one child at a time. A Fathers New Beginning takes you on a heartfelt journey and learning experience about how Larry made a difference in the lives of his two daughters, so that you as a single father or single parent can learn how to develop similar results with your children. A Fathers New Beginning is not about single dads managing their career or getting back out into the world of dating. Its about the day-to-day emotional challenges that a single father and single parents experience in raising their children. A Fathers New Beginning walks you through the key emotional and behavioral attributes one needs to focus on and learn to master allowing them to guide their children to be the best.
