

Operation Single Dad: A Serialized Journal of Parental Warfare (Volume 3 Taking Action)

Operation Single Dad : A Serialized Journal of Parental Warfare Volume 3 is the third and final book in a series of essays chronicling my ongoing experience with parenting. Throughout this series I continue to reflect on my past while I continue to raise my twelve year old daughter. My life has been accentuated by the profound experience of serving in The United States Army as a Combat Medic for five years on active duty. Now, many years later, I recall that experience as a tool to heal and to be a father. The Monkey (my daughter) is a precocious girl who earned her nickname while racing her male contemporaries, against her fathers will, climbing trees in the American Midwest. At the age of nine, she fell out of a neighborhood tree disqualifying her from further competitions. Three surgeries later, including over fifty stitches, she retired from the tree climbing circuit altogether. Today, she is an amateur Rollerblade skater, an avid tripper over invisible objects and an aspiring girls fast pitch softball pitcher. You can learn more about me at <http://richlandry.weebly.com> although I am trying to build my personal website, it is an ongoing work in progress
