

Gifted Thief: Highland Magic Series, Book 1

Since the moment I was ripped from my mothers womb, Ive been an outcast among my own kind. The Sidhe might possess magical Gifts, unbelievable wealth, and unfathomable power, but I dont want a thing to do with them. I ran away from their lands in the Highlands of Scotland when I was 11 years old, and Ive never looked back. I dont need a clan. Ive got my own family of highly skilled thieves who mean more to me than any Sidhe ever could. Unfortunately for me, the playboy heir to the Moncrieffe Clan has something I desperately need. To get it back, Im going to have to plunge myself back into that world, no matter what the consequences may be. I suppose its just as well I have a sense of humor. I think Im going to need it.
