Maggie Ivey is about to make the best mistake of her life. A struggling twenty-six-year-old single mom, Maggie Ivey is just trying to keep it all together. She's got a lecherous boss, a dead-end job, and a worried mother who just wants her to move back home to Georgia. Maggie's prospects look dim, until a friend signs her up for the famous Dr. Jason Goldings 21-Day Overhaul. The first session seems to go perfectly. Dr. Golding is warm, sensitive, and a terrific listener. There's only one problem: The handsome man in Dr. Golding's chair isn't Dr. Golding. In fact, he's not even a therapist; he's Jake Cooper, a contractor hired to remodel the office. But all Maggie knows is that talking to him helps her feel better. And Jake doesn't quite know how to let Maggie in on the secret. Will he eventually confess to his ruse? Will she discover the truth on her own? And the most important question of all: Can a Handyman fix a broken heart? Handyman
