

Explain It to Her Momma

EXPLAIN IT TO HER MOMMA is an urban love story with a little of everything in between. Although it will mostly make you laugh. You'll end up having to reconsider the way you think about sex. Simply put, there's so much more we never even think about. In EXPLAIN IT TO HER MOMMA, we are introduced to DJ, a charismatic brother who just completed a short federal prison stint for drug possession. Upon his release, DJ meets and falls in love with innocent college undergrad student named Lisa Neilson and begins contemplating on marrying her. Everything about Lisa is perfect! And DJ wants desperately to be a one-woman man-- Except, if it wasn't for a certain part of him who just refuses to listen to reason and won't lie down. The problem for DJ began when he had to serve hard time in federal prison. In other words, he crossed his best friend in the worst possible way. For within the federal system the #1 Rule is, DO NOT SNITCH. However, what DJ had done to his best friend in life was far worse than snitching! DJ had killed his best friend's love life. And for that one unintentional mistake his friend Dick decided to make him pay. No longer would Dick sit back and let DJ make all the decisions for them. Dick came home with an attitude and from here on out Dick wanted to f**k everybody, including Lisa's mom. Therefore, when your Dick is out of control what can a man do? Cut him off?
