

The Lifetime Wedding Planner

The Lifetime Wedding Planner has everything that a newly-engaged couple will need as they plan for their big day. Filled with information, advice, checklists, timelines, and journal pages, as well as pockets for receipts, contracts, and special keepsakes, the bride and groom can keep track of all their wedding plans in one place, and afterwards have a cherished book of memories. From choosing the date and locale, selecting musicians for the party, and figuring out transportation needs for the guests, to strategizing the rehearsal dinner toasts, The Lifetime Wedding Planner guides couples through every stage of planning their perfect wedding. The book also provides etiquette and guidelines on: invitation wording, picking the officiant, registering for gifts, throwing the bouquet, cutting the cake, receiving line arrangements, wedding brunches, cost-saving comparison worksheets and checklists. And if the details become overwhelming, the couple will find inspiration in the romantic traditions, folklore, and quotations interspersed throughout the book. The Lifetime Wedding Planner will let the couple enjoy the moment of their dreams—their own very special wedding of a lifetime.
