

The Areas of My Expertise

Hot on the heels of the #1 bestsellers The Onions Our Dumb Century and Jon Stewarts America comes The Areas of My Expertise, the brilliant and uproarious #15 bestseller (i.e., a runaway phenomenon in its own right-no, seriously) - a lavish compendium of handy reference tables, fascinating trivia, and sage wisdom - all of it completely unresearched, completely undocumented and (presumably) completely untrue, fabricated by the illuminating, prodigious imagination of John Hodgman, certifiable genius.
