

Kolera Kolej (Opon Ifa Readers)

The work has been described by Abiola Irele, the eminent Professor of African literature, thus: Kolera Kolej is a satirical novel which presents the comedy of politics in a style that is brilliantly funny and reveals a penetrating insight into the human weaknesses that too often affect the conduct of public affairs. Underlying the satire however is a critical examination of African politics, a deeply serious concern of the state of the political and social condition of collective life on the continent.
