

## La plage

545pages. in8. broche jaquette. Sous la plage lenfer! Trois jeunes routards partent a la recherche dune plage idyllique nichee dans un archipel de la cote thailandaise. La, une communaute New Age sest installee dans une organisation sociale rigoriste. Peche, jardinage, bricolage et contemplation. Chacun a sa place, pas de fantaisies et rupture totale avec le monde exterieur. Mais aux premieres incursions du reel, la communaute se fissure, la jalousie et les rancoeurs sexacerbent jusqua limplosion sanglante du systeme. Alex Garland, croisement mutant des generations 2000 et 68, a du naitre au beau milieu des gaz lacrymogenes ou des bombes au napalm. Les personnages de son roman empruntent trente ans plus tard les routes prises par les venerables hippies. Petards toujours, heroine en moins et Game Boy en plus dans le sac a dos. Mais la sarretent les ressemblances. Meme si les soixante-huitards criaient Paix au Vietnam et que Richard, le heros de La Plage, est un fondu dApocalypse Now. Garland modele en effet son recit comme un parcours initiatique facon Play Station, avec la guerre du Vietnam en toile de fond et des volutes dherbe au-dessus des cadavres. Le parallele est saisissant et fait froid dans le dos, comme lorsque Richard evoque quasi admiratif un raid Zippo. Cest simple, speed et efficace comme une superproduction avec Leonardo DiCaprio dans le role principal. La Plage est un livre generation Matrix, terrible et fascinant. Game Over.
