

## With My Body: A Novel

From the author of the international bestseller *The Bride Stripped Bare* comes the raw and resonant story of a middle-aged wife and mother who attempts to reclaim her lost sense of self by exploring the memory of an old love affair, the consequences of which have remained unresolved for years. Nikki Gemmell is one of the few truly original voices to emerge in a long time (Time Out New York), and *With My Body* is a unique and captivating novel. Poetic and boldly, unabashedly sensual, Gemmell's gorgeous writing and explosive content evoke the seductive power of *The Secret Life Of Catherine M*, *Damage*, and *The Story of O*, but this instant classic bears a modern insight into present-day sexuality and that could only come from the intimate and invigorating voice of Nikki Gemmell.
