

Love Medicine (Collections Litterature) (French Edition)

Couronne par le National Book Critics Circle Award, ce livre a imposé la voix singulière d'une romancière aujourd'hui reconnue et saluée comme un écrivain majeur. De 1934 à nos jours, *Love Medicine* retrace les destins entrelacés de deux familles indiennes, isolées sur leur réserve du Dakota, à qui les Blancs ont volé non seulement leur terre mais ont aussi tenté de voler leur âme. Mêlant comédie et tragédie, puisant aux sources d'un univers imaginaire riche et poétique qui marque tous ses livres, de *Derniers rapports à Little No Horse* à *Ce qui a dévoré nos cœurs*, ce premier roman de Louise Erdrich est présenté ici dans sa version définitive, reprise et augmentée par l'auteur. Un livre d'une telle beauté qu'on en oublierait presque qu'il nous brise le cœur. Toni Morrison, Prix Nobel de Littérature. Ses livres ont imposé Louise Erdrich comme l'une des grandes voix de la littérature américaine, mais elle est l'une des rares à construire un édifice romanesque d'une complexité comparable à celle de Faulkner.
