

Secrets of Manga Creation

The Japanese comic style known as manga has exploded in popularity over the last 20 years, drawing in untold fans with its distinct and easy to personalize look. Professional illustrator Wu Wenpeng invites these fans to take their appreciation of the art farther with Secrets of Manga Creation. Wenpeng, who has worked in illustration and animation for studios like Capcom and Softstar, divides the book into five chapters exploring background information, assembling drawing kits, basic techniques, full case studies, and even important questions relating to commercial manga creation. The book's ambitious scope, supported by interviews with professional manga illustrators, lush final pieces, and numerous practical diagrams, makes it perfect for those just picking up the art of manga as well as those looking to perfect their techniques and push the limits of their creative abilities.
