

## Memories Sew Sweet

When creative interests merge, the results can be amazing. That's what happened when Sandy Berry decided to add images from her paper ephemera collection to quilts and pillows. Reproduced on computer printer fabric, the girls and women from Sandy's vintage photos, postcards, and trading cards show off their bonny hats and dresses to perfection. By adding fabric cutouts and other fun embellishments, Sandy made her designs one-of-a-kind. The 14 projects include 6 quilts (Sweetheart Stars, Beth's Summer Basket, Dance of the Dragonflies, Passion for Postcards, Paper Doll Dresses, and Vintage Memories) and 8 pillows and sachets. Sandy's images are included, or you may use your own. Either way, your creations are destined to become heirlooms!
