

Survival of the Fittest: Single Parenting

Survival of the Fittest: Single Parenting: The focus of this book is to the single parent household, rather male or female. However, there are also married parents while household responsibilities; including parenting is the main responsibility. As a single parent with over 20 years of experience, there is still much to learn. As the book mention, learning to be a parent is a continuous thing. There is no recipe, no solid rules, etc. Managing is the key to parenting: Financial Management, Time Management, Relationship Management and Resource Management are keys to being successful in parent. However, as a born again Christian, more important is having Faith and Prayer. These are keys to parenting.
