

Natures Touch: Basketry by Hand from Pine Needles and Gourds

Basketry predates pottery and weaving in our history, dating back to 9000 BC. This comprehensive booklet provides background information, supply lists, and patterns to create baskets and jewelry from pine needles and baskets from gourds. Thanks to nature, each basket created with a gourd is unique, as no two gourds are ever the same. Pine needle baskets and jewelry also have their own uniqueness due to the color and size variations of the needles. Whether you're a beginner or a seasoned basketmaker or weaver looking to try new materials, you'll enjoy transforming pine needles and gourds into beautiful works of art.
