

## No Turning Back

They thought it would be easy. They were dead wrong...Alex is failing as a father. Ian keeps dangerous secrets. Jenn wants adventure. Mitch wants Jenn. Four friends just scraping by, finding comfort in each other and the hope that things will get better. But as their twenties fade in the rear-view mirror, none of them are turning out to be who - or where - they hoped. At a time when CEOs steal millions while their employees watch savings dwindle, these four are tired of the honest approach. They're going to stop waiting and start taking. They have a failsafe, victimless plan that will change their lives for ever. What could possibly go wrong...Marcus Sakey is an award-winning thriller writer.
