

Now and Forever: A Novel of Love and Betrayal Reincarnate

Two very close life-long friends graduate from the School of Mines and are immediately caught up in the great uranium boom of the 1950s that was centered on Grants, New Mexico. The boom changed the state--and the world--now and forever, and it changes the two young mining engineers. T.C. Youngs closest friend, Ray Morris, is tormented by T.C.'s deep love for Julie Goodman who shares with T.C. a love of Anasazi ruins, art galleries, and the mountain streams of Taos. The shining adventures of that mighty historical period turn into a deadly love triangle of murderous thoughts and actions, and the perpetual reincarnation of love, which reach a climax in a mountain cabin and a nearby ancient tunnel inhabited by mysterious mystical powers that jeopardize the lives of all. Max Evans's most recent books are Hot Biscuits, coedited with Candy Moulton, and Madam Millie, both available from UNM Press. He resides in Albuquerque, New Mexico.
