

Piensas salir vestida así? / You re Wearing That?: Understanding Mothers and Daughters in Conversation (Spanish Edition)

New York Times bestselling author takes on what is potentially the most fraught and passionate connection of women's lives: the mother-daughter relationship. Even though they speak the same language, they often misunderstand each other. With groundbreaking insights and deeply moving memories, Tannen untangles the knots daughters and mothers can get tied up in as they struggle to find the right balance between closeness and independence. Description In Spanish: ¿Por que las hijas se quejan de que sus madres siempre las critican, y las madres se sienten heridas porque sus hijas las dejan de lado? ¿Por que madres e hijas discuten constantemente acerca de la gran triada -la forma de peinarse, la forma de vestirse y el peso-, mientras estan pidiendo a gritos que se las acepte y comprenda tal cual son? ¿Y por que cada una busca en la otra un reflejo de si misma? Deborah Tannen responde a estas y a muchas otras preguntas, analizando por que un comentario que resultaria totalmente inofensivo pronunciado por cualquier otra persona, puede provocar una autentica explosion si proviene de tu propia madre o de tu propia hija. A traves de su libro, examina todos los aspectos de esta compleja dinamica desde la reflexion sobre los malos sentimientos que pueden perseguir a una mujer durante toda su vida, hasta el papel que las nuevas tecnologias, como el correo electronico y los mensajes instantaneos, estan jugando en la comunicacion entre madres e hijas.
