

## Poetry Slam: A Neurotica Short Story

Neurotica Series Academia has never been so naughty. The university men in Professor Melanie Stevensons life pressure her to take her proper place under them. While the proper professor indulges in daring daydreams of submitting to their will, her evil twin cracks the whip, so to speak, to work out the kinks in higher education. Poetry Slam Professor Melanie Stevensons naughty twin crashes an open mic event and lets everyone there, including the stranger she seduces, imagine the racy woman reciting suggestive poetry is the unplugged version of the uptight professor. Note: This is a short story, approximately 5,000 words in length.
