

## Relapse: A Novel

Nikki Turner, Queen of Hip-Hop Lit, is back with one of her gutsiest female characters yet, a glamorous chick with a high-end hustle that can rival any mans game. As the respected, renowned concierge for a luxury hotel chain, Beijing Lee caters to the wealthy and famous. Whether its securing a dinner reservation, a fleet of limos, or a record deal, or protecting her clients from the paparazzi, theres nothing Beijing cant do. Shes stacked up an impressive pile of IOUs from the worlds elite and one day she decides its time to start cashing in. Before long, shes a five-star diva running her own lucrative business, where she secures her clients their most outrageous and increasingly illegal desires. But Beijing has her own addiction: a man named Lootchee, who lavishes her with even more diamonds and luxury than she already has. But behind Lootchees charm and over-the-top romantic gestures is a selfish, high-stakes hustler who lures Beijing into a dangerous web that takes even this seasoned enterpriser by surprise, and breaks her heart in the process. Once the ball finally drops, itll take a ghost from Beijings past to rescue her not only from those who are out to seriously harm her, but from herself.
