

Rex Royd #2

Rex Royd, the Renaissance Man of Madness lets few people into his life, but those he does, he trusts with everything. Among his closest confidantes is the woman known only as Eve. This is her story. Its also the story of crushing diplomacy with unwitting androids, bodyguard training under live-fire, bleeding age ultra-science and mental illness... and, oh yeah, something nasty involving God. Hes a genius without boundaries. Introduce yourself to Rex Royd... before its too late.
