

Scrambles in the Lake District - North (Cicerone Guide)

This guidebook describes 110 gill and crag scrambling routes in the south of the Lake District, with sections covering Wasdale, Ennerdale and Buttermere, Borrowdale, Thirlmere, Patterdale, Mardale and Swindale. Each route is graded from Grade 1 straightforward scrambling, through Grades 2 to 4, where the use of a rope is recommended. In addition, a star system (1 to 3 stars) highlights the best routes. The guidebook includes classic routes such as Ill Gill, Kirkfell; Broad Stand, Scafell; Striding Edge; and Pillar Rock. Each section includes a map showing the location of the scrambles, and routes are accompanied by information on the best approach, along with a sketch diagram of the crag and the route line. The book includes invaluable advice on equipment, safety, rope techniques, and scrambling techniques, as well as notes on access and conservation. The Lake Districts rich mix of rocks, gills and crags offers the scrambler a complex variety of routes, often well removed from the beaten track.
