

## Skiing in Massachusetts (MA) (Images of Sports)

In 1910, the Boston Sunday Herald reported that skiers were swarming over the Newtons, Middlesex Falls, and Blue Hills. The Berkshires provided splendid terrain, and the skiing was inexpensive. This visual history traces how skiing progressed from the pre-tow era of outings on wooded trails and golf courses to the mechanization of the sport. After World War II came massive building, with sophisticated lifts, snowmaking, and all the modern requirements that have kept Massachusetts one of Americas winter ski states.
